Special Care

Due to the delicate nature of certain materials, please wear garments made of chiffon or stretch mesh with great care. Wash delicately by hand. The brand will not be liable for any damages caused by excessive or inappropriate usage.

Wash and Care

Keeping your Ballet Rosa products in good shape depends solely on your care. Each material has different quality standards. Please respect the wash care labels and the care instructions stated below.

Garments made of chiffon and stretch mesh should follow these instructions:

Hand wash in cold water · Use mild detergent
Do not iron · Do not tumble dry · Allow to dry flat

Intense sweating combined with the high temperature of the body over long periods could have negative effects and cause discoloration.

Color references are merely informative.
Colors may vary slightly depending on material and dying batch.

Girth Place a tape measure at the top of the shoulder where a leotard strap sits, then down under the groin and back to the same shoulder.

Inseam Measure inside length of your leg from the groin to bottom of ankle.

No one becomes a success without a little help from their friends. Plus, everyone loves to know that they are appreciated. That's why Ballet Rosa wants to say thank you to all our friends, especially to all those that contributed to creating our Academy Catalog.

To all the dancers, dance teachers, choreographers, staff, and retail partners that support Ballet Rosa every day, thank you. We couldn't do it without you!

Thank You
