

Eliza and John Minden, 1993

The Gaynor Minden pointe shoe is the first successful modernization of ballet's iconic footwear. It grew from my love and personal experience of ballet.

As an ardent amateur, I realized that sore toes did not make me a better dancer, and as the daughter of a ballet school founder, I knew that pointe shoe frustration was widespread. Later, as an administrator, I struggled to pay for pointe shoes only to see them worn out after just one show, and I saw beautiful dancers sidelined by injury.

Borrowing my brother's bandsaw, I cut open traditional pointe shoes and found cardboard, paste, burlap, and even newspaper. From sports I knew that modernized equipment makes all the difference in the comfort, safety, and enjoyment of physical activity. Why then were dancers — the most elite athletes of all — using such

antiquated shoes? Other artists enjoy the benefits of progress in countless ways, from painters' vivid pigments to musicians' superbly engineered instruments — why not dancers, too?

Putting my outrage into action, I quit my job to study the materials that had revolutionized modern footwear. I recruited scores of ballet teachers, dance medicine experts, and professional dancers in New York and, in 1993, after eight years in testing and research, Gaynor Minden made its debut.

Our shoes are handmade using a unique manufacturing process that is both state-of-the-art athletic shoe science and traditional, artisanal craftsmanship. My husband, John Minden, is C.E.O. and deserves more credit than he ever gets. I continue to design for dancers.

The company that John and I started in our small Manhattan apartment twenty-eight years ago is now a global brand. We're gratified that independent medical research confirms Gaynor Minden's superiority in promoting safe and correct technique. We are honored that respected teachers recommend them, and that over 200 of the world's great companies buy them. We hope you like them too.

May ballet always bring you joy,

Eliza Gaynor Minden Head of Design

FITTING & ORDERING OPTIONS

Example: **SC** -D Н Model Length Width Box Shank Vamp Heel

SCULPTED FIT (SC)

For a slightly tapered foot with a "waist": cut with an ample metatarsal, a snug midfoot, and a narrow-medium heel.

CLASSIC FIT (CL)

For a "U"-shaped foot: the metatarsal, midfoot, and heel are generously cut.

SLEEK FIT (SK)

For a tapered "V"-shaped foot: cut with a slim metatarsal and a truly narrow midfoot and heel.

Length

Gaynor Minden	4/4.5	4.5/5	5/5.5	5.5/6	6/6.5	6.5/7	7/7.5	7.5/8	8/8.5	8.5/9

Eur. Women Street Shoe	38	38.5	39	39.5	40	40.5	41	41.5	42

This size conversion chart is intended as a starting point in the fitting process and cannot replace a proper in-person fitting. Please note that dancers may need a longer size in Sleek Fit and Sculpted Fit than they do in Classic Fit.

Width

Fits the midfoot and metatarsal area.

N = Narrow

M = Medium

W = Wide

Box

Fits the toe and metatarsal area.

#2 = Small & Tapered #4 = Broad & Square

= Medium & Tapered #5 = Very Broad & Square

#3+ = Medium & Square

Shank

P = Pianissimo (Very Flexible)

= Feather (Flexible)

= Supple (Medium)

X = ExtraFlex (Stiff)

H = Hard (Very Stiff) We recommend our more flexible shanks because they provide a better roll-through. We do not recommend Hard shanks for most dancers. Hard shanks do not last longer than our other shanks.

Vamp Heel

L = Low L = Low

H = High D = Deep

• The Deep Vamp is 1/4" (6 mm) longer than the Low Vamp.

• In Classic Fit, there is a 3/8" (1 cm) difference between the Low and High Heel. In Sculpted and Sleek, the difference is 1/4" (6 mm).

• The Low Heel is slightly higher in Sleek Fit and Sculpted Fit than it is in Classic Fit.

SHANKS

How many times have you heard a customer request "the hardest shank" available? In many cases, that dancer doesn't really need a hard shank, but she thinks it will make her shoes last longer.

Not with Gaynor Minden! Our shanks and boxes never weaken, so it's essential to fit the dancer in a sufficiently pliable shank from day one.

There is no "one size fits all" option with shanks — technique, experience, and the dancer's physique all play a part. To give your customers the best roll-through and demi-pointe possible, it's important to stock our softer shanks in a range of popular sizes at all times.

Danse Boutique Cardiff, NSW, Australia

As we became more experienced with the Gaynor Minden line, we realized how successful students are with the SUPPLE and FEATHERFLEX shanks. SUPPLE has quickly become a top seller. The dancers are more confident on pointe and had more control and articulation when rolling through. Definitely a must have! 17

BOX **Z**

Just right! A superb new fitting option for the front of the foot: a toe box in between the very tapered #3 and the broad, square #4.

Just as *Sculpted Fit* transformed midfoot fitting by bridging the gap between *Classic* and *Sleek*, #3+ makes fitting the forefoot so much easier.

Many dancers can now wear Gaynor Minden for the first time; other dancers will find their fit greatly improved. #3+ allows smaller feet to drop into the box and enjoy better comfort and support; bigger feet can switch from an overly padded #4 box to the "just right" #3+.

More good news: The wider platform provides greater stability and security, encouraging dancers to choose more flexible shanks.

#3+ is available in many Standard Sizes.

FRESH POINTES New!

A detox for your pointe shoes!

Activated bamboo charcoal naturally absorbs moisture and eliminates odor to keep your shoes looking (and smelling) fresh.

Place Fresh Pointes inside shoes after class or whenever they're not in use.

Try them in your dance bag and sneakers too!

Color: Navy & Light Pink

Material: Polyester, Bamboo Charcoal

POINTE POCKETS New Size!

It's the perfect toe pad.

Designed and shaped expressly for Gaynor Mindens, but works great in other pointe shoes, too. Slim and non-bulky so you really feel the floor.

Seams located away from toes for comfort. 4-way (not 2-way) ultrasoft stretch fabric. Made in the U.S.A. with medical grade, hypo-allergenic TPE gel — holds up better and feels fabulous.

STRETCH RIBBON

Stretchy enough to be super comfortable, but firm enough to provide extra support for your hardworking ankles. Pre-cut and ready to go. Each packet holds four 21" (53 cm) ribbons, ample for one pair of pointe shoes. Also available in 54½3 yd (50 m) bolts. 7/8" (2.2 cm) wide. Matte pink, (matches our Pink pointe shoes and Light Pink tights). Nylon/Spandex.

ELAAAHSTIC

Your feet will say "AAAH . . . "

Add extra comfort (and support) to technique slippers and pointe shoes with super soft, wonderfully plush Elaaahstic. Heat-sealed edges to minimize fraying. Generously wide. Criss-cross two elastics per shoe for additional security if desired. Four pieces of $7 \frac{1}{2}$ " x 7/8" (19 x 2.2 cm) elastic per packet.

#SA-E-125

T.L.C. RIBBON

Your feet and ankles deserve some T.L.C.: Tendon Loving Care. Pointe shoe ribbons must tie snugly to look neat and professional, but standing flat they can chafe the Achilles tendon. A strategic insertion of elastic makes ribbons comfortable. Ours are super-tidy; ribbon and elastic are same width and color, meticulously stitched together. Ample (4 ribbons) for one pair of shoes.

PINK: #SA-R-120 WHITE: #SA-R-138

INVISIBLE ELASTIC

Lace-like stretch material that virtually disappears next to tights. Works for technique slippers, too. Ample 30" (76 cm) for two pairs of shoes.

#SA-E-108

TOE WRAP

Save skin; dishearten corns; and while you're at it, make bunions feel unwelcome. Our stretchy Microfoam toe tape protects and cushions, allows complete freedom of movement, and peels off with no sticky residue. So soft and light it's almost fluffy. 5 ½ yards (5 m) per roll. #SA-T-109

DANCERS' DOTS

Soothing Dancers' Dots reduce irritation, help protect against blisters, and relieve pressure on sensitive areas of the foot. Utilizing advanced hydrogel technology, our protective gel cushions are composed almost entirely of water, yet are durable enough to withstand your longest days. Easy to use — simply remove the backing and tape to skin.

INSTANT WINGS

Enjoy the security and comfort of a "winged" toe box (without the expense or delay of a special order).

Firm, resilient Instant Wings provide cushioned support

— just where it's needed. Easy to use: fold each wing in half and slide it into the toe box; your foot will keep it in place.

Made from Poron® Performance Cushioning.

TOTALLY TOES KIT

Because sore toes do not make you a better dancer.

COOL BLUE CRESCENT takes pressure off a longer 2nd toe.

COOL BLUE OVAL takes pressure off the big toe.

MUSHROOM CUSHION protects sensitive big toenails.

DYNAMIC BOX LINER hugs the top and sides of the foot to prevent it from sliding down into the box, while allowing the metatarsals to feel the floor.

#SA-F-103

DYNAMIC BOX LINERS

So innovative they're patented!

Dynamic Box Liners hug the top and sides of the foot to hold it in place. By preventing the foot from sliding down into the box they keep pressure off the big toe. Amazingly effective! And you can still feel the floor.

Made from Poron® Performance Cushioning.

#SA-F-111

BIG TOE KIT

2 COOL BLUE OVALS (protects tips and corners of big toes)
2 MUSHROOM CUSHIONS (protects sensitive big toe nails)

ADHESIVE SOCKLINERS

The Solution.

Fine-boned feet, delicate feet, narrow feet, shallow feet, and even ordinary feet struggling in between sizes — Rejoice! So many fittings are made so much better by the simple addition of Adhesive Sockliners, the insoles that stay in place. Made from Poron® Performance Cushioning. One size.

#SA-F-140

HEEL GRIPPERS

The extraordinarily useful Gaynor Minden Heel Gripper actually keeps your shoes on your heels. Its textured surface really holds your foot, while the peel-and-stick backing keeps gripper locked in place. And, by filling in the extra space around your heel, it makes the back of the shoe beautifully smooth, sleek, and free of lines and wrinkles. Especially helpful for dancers with narrow heels.

#SA-F-110

TOE ALIGNERS

Use Toe Aligners between the big toe and second toe to help align the metatarsals en pointe and promote correct alignment of the bunion and big toe joints. They are especially helpful for dancers who have bunions, a long second toe, and/or a large space between the big and second toes. Made from Poron® Performance Cushioning.

#SA-F-143

VAMP ELASTIC

Going over? Popping out? Suffering from your gorgeous arches? Stitch Vamp Elastic in the throat of your shoe and feel the added support that an extra-deep vamp would provide — with no compromise of demi-pointe and no special order. 15" (38 cm) ample for one pair of shoes. Instructions included.

ROLLER KIT

Kiss muscle tension goodbye!

Dancers are increasingly integrating the tools of sports science and physical therapy in their daily warm up and recovery routines, yet most of the equipment they rely on was created for sports, not dance.

Our new Roller Kit was designed just for dancers and contains all the essentials for targeting the muscles and fascia most in need of relief before and after a long day in the studio.

Our kit is lightweight, compact, and includes the tools dancers need most:

- **TRAVEL ROLLER** Relieves tension in the back, IT band, hips, and legs.
- MINI ROLLER Targeted relief for sore and tight calves.
- LARGE MASSAGE BALL Perfect for massaging hip flexors and the psoas.
- **SMALL MASSAGE BALL** Gets into the intrinsic muscles of the feet.
- MICRO VELVET MAT More comfortable (and cleaner!) than the floor.
- CARRYING BAG A shoulder strap makes the whole kit ultra portable!
