# PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The GRISHKO® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

## 3 STEPS TO A DREAM

This line includes 3 models:

1. EXAM
2. ALICE
3. NOVICE

## NeoPointe Smart 0545

NeoPointe epitomizes softness inside and out. This uniquely soft pointe shoe model has the most pliable shank ever, featuring our FLEX technology combined with our Easy Roll-Through technology. The box has been shortened to 2/3 length, allowing the shoe to offer unsurpassed comfort during roll-through from demi-pointe to an en pointe position.

Our incredibly soft microfiber lining and new extra special padding within the box add additional comfort and minimize toe pressure. By using our Miracle glue in the box and wings, the shoe adapts to the dancer's feet, allowing consistent support in the metatarsal area yet staying flexible at the same time for a greater variety of movements. The adaptable crown and streamlined cut make this model a wonderful choice for dancers of all levels.

# StreamPointe

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- Elasticated binding.
- Broad metatarsal area
- Pliable shank.
- Low sides and heel.
- Streamlined fit.
- Adaptable crown.

## StreamPointe 0541

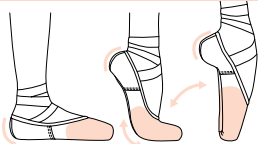

Classic shank with easy roll-through. Elasticated binding further improves this new model, by providing a streamlined fit for dancers with shallow and square foot shapes. Pliable yet supportive shanks follow any arch height. Extreme flat platform will allow the dancer stability, and secure balance.

## Reinforced shank

R – the hardest shank in StreamPointe. It is similar to Medium strength 3007, which is much less flexible and lasts longer. Reinforced shank is ideal for those, who need a little bit of extra support.

## StarPointe 0543

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 – 9  
Width: X – XXXXX (only size 3–9 in XXXXXX)  
Shank: SF, MF, HF, SHF

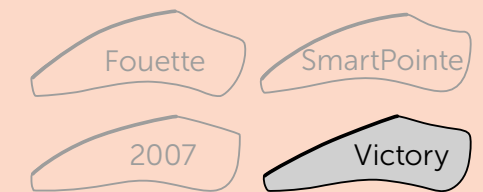

# POINTE SHOES BASED ON VICTORY LAST

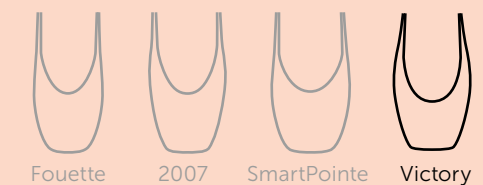

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes — Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

- Easy roll-through.

## Victory 0542

The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

## Victory FLEX 0542

# SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

# HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

FEET STRENGTH \ ARCH	FEET FORM

## MATERIALS AND PROPERTIES

### GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

### MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

### CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

### CALICO (100% cotton)

An extra thin type of fabric for proper fit.

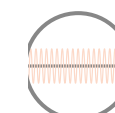

### TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

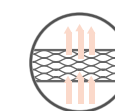

### NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

### FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

### ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

### ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

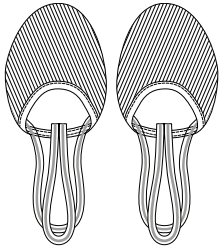

# Dream-Turner

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30% lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

DIY Adjust the form of caps to the required size with the help of scissors.

## CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

### Satin ribbon

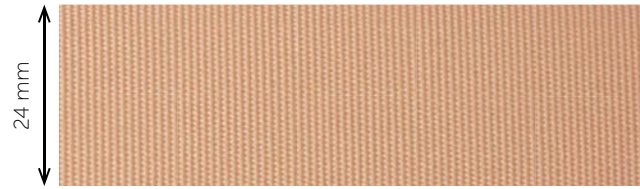

**0510/9**                      **0510/9R**  
Width: 24 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink ● Dark Nude

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

### Cotton ribbon

**0510/1**                      **0510/1R**  
Width: 24 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

### Satin ribbon with silicone

**0002/6**                      **0002/6R**  
Width: 25 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

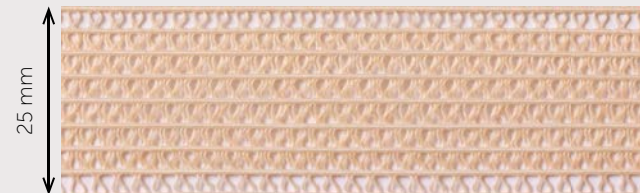

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

## ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

### Mesh elastic

**0002/3**                      **0002/3R**  
Width: 25 mm                      Roll of 25 m  
Pack of 1 m  
Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

## HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

### Satin ribbon with pre-sewn elastic

**0510/4**  
Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

### Satin ribbon with pre-sewn mesh elastic

**0510/3**  
Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

## ELASTICIZED RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

### Elasticized ribbon

**0002/7**                      **0002/7R**  
Width: 25 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

The elasticized ribbon feels very comfortable while dancing.

### Transparent mesh elastic

**0002/2**                      **0002/2R**  
Width: 28 mm                      Roll of 25 m  
Pack of 1 m  
Color: ○ White

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

### Elastic

**0002/1**                      **0002/1R**  
Width: 13 mm                      Roll of 20 m  
Pack of 1 m  
Color: ● Ballet Pink ○ White ● Black ● Tan

Best option for soft ballet shoes and contemporary dance.

Moleskin toe pads

**1020**  
Size: S, M, L, XL  
Color: ● Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

HOW TO CHOOSE

**REMEMBER!**  
No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

HOW TO FIND YOUR RIGHT SIZE

- How to measure and identify GRISHKO® pointe shoe size:
- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
  - 2) Measure the distance from the heel to the endpoint of the toe (in mm);
  - 3) Find the result of the measurements in the table. In case the measurement in between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

How to choose the width

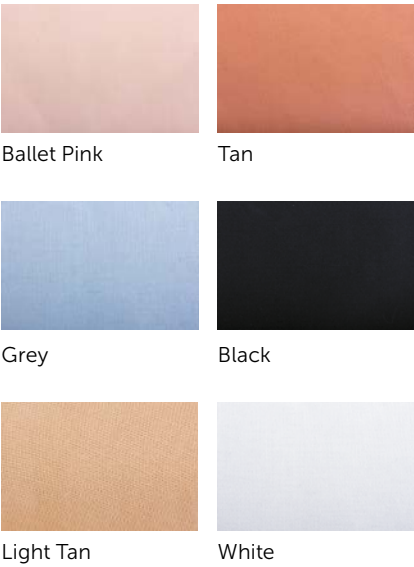

GRISHKO® offers pointe shoes in 7 different widths:  
N – for extremely narrow feet  
X – for narrow feet  
XX and XXX – for medium feet  
XXXX – for wide feet  
XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.
